Constitutional Referendum on Public Water Services

Dear Minister

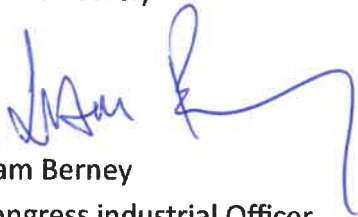

Could we begin by congratulating you on your appointment as Minister for Housing, Local Government and Heritage.

As I am sure you are aware, as part of the understanding on the reform of public water services, Minister Darragh O'Brien agreed to bring forward proposals for the holding of a constitutional referendum to protect public water services from privatisation. His agreement to do this is well documented however for a number of reasons he failed to deliver on his commitment.

The unions representing workers in public water services expect that the new Government will honour the commitment made by your predecessor and in that regard, we would welcome the opportunity to meet with you to discuss this issue.

We look forward to hearing from you.

Your sincerely

Liam Berney
Congress industrial Officer.
