

Support pension parity in schools

FORSA

What's the issue?

We don't have the same terms and conditions as our school colleagues who are SNAs and teachers. Why not?

We're fighting for pension parity in schools, a single contract of employment for all caretakers and secretaries, and access to decent sick leave and bereavement leave.

We're the first to arrive and the last to leave. Without us, schools simply don't function.

How can I be part of the campaign?

- Sign the pledge and share it with your school community
- If you're a member, come to union meetings
- Wear the campaign badge and distribute the stickers

Sign the pledge to show you support pensions for School Secretaries and Caretakers!
