Vote NO.1: DES MULLALLY

An effective voice for ALL employees

This is OUR company

I know this company well, and I believe in its staff and its future. I have worked here for 30 years, mostly in retail, and I worked full-time on a worker participation programme for two years.

My Dad was the first worker-director ever elected to the Aer Rianta Board and I have always believed in the airport as a community. If elected, I intend to use all my experience and belief to represent you as an effective worker-director.

I know the issues that concern daa employees, whether it be the future and cost of our pensions or the future and safety of our jobs, whatever location or section we work in.

I know about working on boards and committees. For instance, I have long held an officer position on my local residents association and I'm a member of the Meath branch of Multiple Sclerosis Ireland.

I understand how hard it's become for all employees to manage since the recession kicked in five years ago. I'm married to Elaine and have two children just out of college.

I believe that the social side of airport life is important too and I'm active as a volunteer, including as the incoming captain of the daa golf society and as a member of the airport golf society.

Above all, I'm hard-working. I know this company and have the experience and belief to give you a strong and effective voice as a worker-director.

I have faith in the future of the daa. I hope you'll have faith in me and give me your No.1 vote on 17th December.

Thanks for taking the time to read this.
