

Full-time & Retained Firefighters **MARCH AND RALLY**

Tuesday 24th February
Dublin

**ASSEMBLE
PARNELL SQUARE
AT 12.00 NOON**

TO MARCH DOWN O'CONNELL STREET
TO A RALLY OUTSIDE DÁIL EIREANN

PROTECT

YOUR COMMUNITY

YOUR FIRE SERVICE

YOUR FIREFIGHTERS

We are calling on all fire-fighters, both Full-time and Retained to attend a march and rally in Dublin on Tuesday 24th February to show your opposition to attempts by the Government to unilaterally implement reductions in crewing levels which could jeopardise the safety of both Firefighters and the Public.

On 9th January, the Department issued 'K.C.S. Good Practice Note 2.6', in which they have directed local management to seek to implement crewing reductions as proposed under the Department's Keeping Communities Safe plan. This is being done without providing the relevant Risk Assessments, despite having been repeatedly

requested by SIPTU and IMPACT to do so. Furthermore, a number of Fire Services have now unilaterally reduced the Pre-Determined Attendances without any consultation with the Union, which further threatens the safety of Fire-fighters and the Public who rely on this critical emergency service.

It is imperative that we show the Government that we will not accept their reckless and dangerous actions which could put the safety of our members and the public at risk. Show your opposition by making sure you attend the march and rally in Dublin on 24th February.
